

It Happened TODAY

People

United Nations mediator Dr. Ralph J. Bunche missed death from an assassin's bullet by only 30 minutes last September in Jerusalem. The great American negotiator was held up at a check point after a scheduled meeting with then UN mediator Count Folke Bernadotte. Bernadotte and a French colonel riding with him were killed.

International

Russian attitude has really changed in international dealings. In the past, it was definitely improved, according to Australian Foreign Minister Herbert V. Evatt. Black Russia has been using the crippling veto for less in recent weeks.

Passing Show

Adolf Hitler's luxurious yacht, the *Königsberg*, was seen on the broad Atlantic. It has been bought by George Arida, a United States industrialist, from the British Admiralty. Hitler always hated the sea and seldom sailed in his flotilla.

Manners & Morals

Toronto has a controversy raging over a restrictive racial property covenant. An appeal court ruling has prevented sale of beach resort property by a Mrs. Anne Noble to Bernard Wolf because Mrs. Noble had signed a covenant with other owners barring sale of property to Jews. Decision may be appealed by Jewish residents.

The Arts

Canadian music is appreciated better beyond the borders of Canada than at home. Toronto Symphony Orchestra conductor Sir Ernest MacMillan says Sir Bruckner observes there are increasing signs of development and high quality in Canadian music.

Politics

CCF leader M. J. Coldwell thinks Canada has no right to call herself a Christian nation until all vestiges of anti-Semitism and economic discrimination have been wiped out. He warned churches against straight program of uniting with anti-Communist elements and urged in its place for churches to take a more positive part in politics.

Labour

Some Scottish steelworkers and Dominion Steel and Coal Corporation are expected to successfully complete negotiations for a new contract this week. It will call for a 44-hour working week and an hourly pay increase of 30 cents bringing the pay per hour up to a \$3.54 minimum.

The Nation

Canadians are making their own jam but not in such a big way. Bureau of statistics disclosed, manufacturers of jam products turned out 9,636,429 jars in 1948.

Union Leader Shot At In Ohio Hospital Bed

MARION O. June 13.—(AP)—Thomas S. Mitchell, 30, of Cleveland, director of the violence-ridden Ohio Associated Telephone Company, was shot at early yesterday through a window at city hospital.

He's a patient in a first-floor room. The shot came from a shotgun and struck the wall above Mitchell's pillow, but he was not injured.

A few pellets landed in Mitchell's pillow, but he was not injured.

VANDALISM DENIED Mitchell, organizing director for the Ohio Federation of Telephone Workers, said at early yesterday the shot was fired from a window at city hospital.

The strike began April 7 and has been marked with repeated violence and vandalism. Only Saturday 10 cables, nine of them owned by Ohio Associated, were cut in this area. Two local union leaders of the company were without

service Saturday. But some lines had been repaired yesterday and are expected to be by this afternoon.

The slaying Saturday was the first reported case of employees walked out in support of demands for higher pay.

Union spokesmen have denied any connection with the vandalism.

ON-TIES! ADVANCE! LONDON, June 13.—(UP)—The war office Saturday ordered British soldiers to wear collars and ties on all occasions, except in battle.

Previously, enlisted ranks could wear collars and ties only when off duty.

service Saturday. But some lines had been repaired yesterday and are expected to be by this afternoon.

The slaying Saturday was the first reported case of employees walked out in support of demands for higher pay.

Union spokesmen have denied any connection with the vandalism.

Legion Opposes Sunday Beer Sale

Resolution Killed Before Reaching Convention Floor

BANFF, June 13.—(AP)—The 16th biennial convention of the Alberta branch of the Canadian Legion opened today with a resolution concerning sale of beer in Legion premises killed before it reached the convention floor.

The 29 licensed branches of the Legion in Alberta were definitely opposed to selling beer in club premises on Sunday. A meeting of delegates from licensed branches that preceded opening of the convention.

A resolution advocating sale of beer in Legion premises was submitted by the Jasper branch, was withdrawn Saturday. The resolution was strongly condemned by almost all delegates.

SAID IL-ADVISED S. C. Hecker of Vernon, provincial president, said publicly given the resolution had placed the Legion in a wrong light.

Hecker said sale of beer by licensed Legion branches was the subject of the work of the Legion in the interests of all war veterans. He pointed out that while there were branches in Alberta only 20 of them were licensed to sell beer to club members on club nights.

J. Williams of the Montserrat branch, president and chairman of the licensed branches committee, termed the resolution ill-considered and one which should not be presented to the convention.

The Alberta branch of the Legion was officially opened Sunday by Maj. Gen. M. S. Hecker, said publicly given the resolution had placed the Legion in a wrong light.

Hecker said sale of beer by licensed Legion branches was the subject of the work of the Legion in the interests of all war veterans. He pointed out that while there were branches in Alberta only 20 of them were licensed to sell beer to club members on club nights.

J. Williams of the Montserrat branch, president and chairman of the licensed branches committee, termed the resolution ill-considered and one which should not be presented to the convention.

The Alberta branch of the Legion was officially opened Sunday by Maj. Gen. M. S. Hecker, said publicly given the resolution had placed the Legion in a wrong light.

PUNISHMENT WOULD SUIT THE OFFENCE

MOSCOW, June 13.—(AP)—The Soviet government newspaper, suggested yesterday that factory administrators producing poor quality goods be sentenced to war or even personally their own product.

Author of the article said the factory director of Mogilev garment factory should be forced to wear the quality goods with narrow, short breeches and pants with legs of uneven length.

He suggested the director of a factory at Saragol, turning out square-rigged photographs be condemned to listen to his own machines for six months.

Big 4 Parley At Showdown

PARIS, June 13.—(UP)—The big four conference on Germany reached the showdown stage today with both east and west urging the conference to reach a new secret proposal.

The conference is in recent for the day. Suspension of formal sessions was by mutual agreement.

Soviet Foreign Minister Andrei Gromyko asked time to consult Moscow on a "last chance" proposal by the west, and to get direction for his answer. The proposal was believed to involve a limited agreement on resumption of German trade and free access to Berlin.

The western powers need time to consider Gromyko's proposal and suggestions and his initial reaction to the west's plan for preventing this conference from becoming a total failure.

Air Crash Kills Three

PARIS, June 13.—(Reuters)—Three persons were killed yesterday and one badly injured when a plane, about to land, crashed into another taking off from Vallauris air port.

The crash occurred at 10:30 a.m. when a Cessna 441, piloted by a private pilot, was taking off from Vallauris air port.

Alberta Airls Grievances To Freight Rate Probers

CALGARY, June 13.—(CP)—The railway freight-rate structure discriminates heavily against Alberta, the Royal Commission on transportation was told today at its opening sittings in this province.

One of the effects of the rates is to discourage growth of some secondary industry, the commission heard in the presence of the cities of Edmonton and Calgary, Alberta, and Calgary Board of Trade.

It was the first of more than 100 sessions which will be presented to the commission during Alberta sessions of the commission.

The commission will also hear testimony from industry and commerce in the province.

THURSDAY IN EDMONTON The Edmonton sitting, open Thursday, Chief witness will be Premier J. C. Manning.

Today's opening brief set out a long list of Alberta transportation grievances which were attributed to elements of geography, rail rates and national policy.

It declared that the rate structure militates against certain secondary industry by encouraging transportation of certain commodities out of the province in a rural rather than partly or wholly in the state.

DISCRIMINATION "We say that this constitutes discrimination against Alberta and has a very important effect on the economy of the province," the submission added. It said more specific evidence on this point will be given later.

Another grievance is in cost of the consumer supplies into the province.

"In addition to the fundamental principle of geography," the brief said, "the Alberta resident finds a national tariff policy designed to reduce the cost of his goods."

It said the cost of his goods is greater bulk of his required material is shipped from the United States.

It is running at National Unity candidate in Richelieu-Verchères constituency in the June 27 general election.

TRUCK PURCHASE ALARMS "In addition to the tariff policy," the brief said, "the cost of his goods is greater bulk of his required material is shipped from the United States."

Mayor McCallum Heads Jaunt To Calgary Stampede

TORONTO, June 13.—(CP)—Mayor Hiram McCallum Saturday extended an open invitation to Toronto residents to climb aboard the special train to the west when it leaves here July 8.

The special excursion, brainchild of Mayor McCallum who will officially open the Calgary Stampede, is already heavily booked, but a second train may be added.

The Torontonians will spend two days in Calgary, then move on to Banff and Lake Louise.

On the return trip, the train will stop at Edmonton, Saskatoon, Winnipeg and Regina.

Object of the visit is to "promote friendly relations with other cities and towns throughout Canada."

Murder Trial Jury Sees Death Scene

Hundreds Struggle to See Opening of Burke's Trial

Accused murderer Leo Francis Burke today faced a jury of six men here charged with deciding his fate.

The 43-year-old advertising salesman, charged with the knife-slashing of his brother-in-law, James W. Holmes last May 10, showed little emotion, but was pale and obviously nervous as he sat in the prisoner's box.

Trial of Burke opened in a crowded court before Judge McBratney at 11:45 a.m.

Justice McBratney immediately adjourned court until this afternoon so jury members could view scene of the crime at Holmes' residence at 11418 81 street.

Request for the jury to visit scene of the slaying came from defence counsel Frank Dunne.

Burke arrived at the court house under RCMP guard 20 minutes before his trial opened.

He hid his face from Bulletin news photographer as he moved slowly up the steps into the building.

NEATLY DRESSED
Dressed neatly in a checked sports jacket and grey trousers, Burke limped up the stairs into the trial chambers where hundreds of curious sought seats. Only a few would-be spectators found room in the small court chamber.

Crown Prosecutor Shortridge immediately called witnesses if necessary, he told The Bulletin shortly before court opened.

Important witnesses will be Frances Ruth Holmes, widow of the slain man, her three daughters, Janet, Sheila, and Shirley, and Thomas Worton, 19, a painter employed by Holmes, who testified at a preliminary hearing he attempted to stop fatal fight between Holmes and Burke.

Slaying is alleged to have followed an argument between Burke and Holmes at the Holmes' residence at 11418 81 street.

Holmes died of a throat stab wound while being taken to Royal Alexandra hospital. The dead man is the father of nine children.

Labor Dispute Plan Advanced

Greater opportunity for consultation in labor disputes is recommended in suggestions made recently by the inspection staff of the provincial board of industrial relations.

Inspectors met in Edmonton for an annual conference.

Suggested made at the conference recommend amending of the Alberta Labor Act to give labor conciliators wider powers.

When conciliators fail to secure settlement of a dispute, the matter now automatically proceeds to arbitration. Inspectors recommended a procedure in which conciliator's recommendation would be required before an arbitration board is set up.

In an event a conciliator failed to recommend arbitration, the board of Industrial Relations would have responsibility of recommending or refusing to recommend arbitration to the minister.

Another suggestion would grant additional authority to the conciliator to recommend a solution of the dispute.

Recommendation of the conciliator would be placed before the groups concerned to accept or reject. This procedure would be similar to that in arbitration awards.

If recommendation of the conciliator is not acceptable, either group would have the right to vote for strike or lockout action, or to proceed to arbitration.

Where an arbitration board is set up, acceptance of its award would be made mandatory.

Holmes died of a throat stab wound while being taken to Royal Alexandra hospital. The dead man is the father of nine children.

DELEGATE Herbert G. Turner of Edmonton is shown in Civic Auditorium at San Francisco, where the annual convention of American Federation of Musicians, as representative of Local 200 here.

Teachers Meet

Monthly meeting of the Alberta Teachers' Association will be held in the Music Room of the Edmonton Public Library tonight, at 8:30.

The trained "seals" in the circus usually are not seals but sea lions.

Postmasters Convene For 21st Annual Meet

Postmasters from all Alberta and the Peace River block are converging on Edmonton today for the 21st annual convention of the Alberta Postmasters' Association.

About 25 postmasters and their assistants are expected to attend the three-day session starting tomorrow at the Macdonald hotel.

A full agenda including resolutions, election of officers and the Dominion report awaits the delegates.

Delegates will be greeted at the opening session by T. J. Reilly, Edmonton district post office inspector, and A. W. Dingle, Calgary district inspector.

DINNER MEETING
Don Taylor, Vermilion, president of the association, will address the afternoon meeting. In the evening the delegates will be guests of the R. K. K. at a dinner.

Edmonton's long-service badges will be held Wednesday morning with an address by R. H. Mitchell, superintendent of the inspection.

Resolutions are on the agenda Wednesday afternoon. Postmasters of Edmonton district officers and post office entertain the same evening.

Conference hall at the Macdonald for the afternoon and evening meeting is being donated by The Bulletin.

ELECTION OF OFFICERS
New slate of officers will be elected Thursday. Delegates will hear addresses by W. H. T. McLean, Calgary, executive member, and Jack Watson, public relations officer of the Edmonton Post Office.

Convention will end with a dinner at the Macdonald, Robert Simpson Co. hosts.

Three Escape In Cab Crash

Three persons escaped serious injury Saturday night on the Fort trail when their car jumped the south curb and upset.

Driver of the cab, Fred Chmilar, 1102-107 avenue, told police he was following another car west on the Fort trail when it suddenly turned forcing him to cut over to the curb to avoid collision.

Chmilar's passengers, Mr. and Mrs. John Kureba, 1012-22 street, were uninjured except for a slight head blow and shock suffered by Mr. Kureba.

Police said the other car was driven by Samuel Beaton, 1002-107 avenue.

JOHNSTONE WALKER LIMITED

Seed Growers Association Sessions Open Wednesday

Secretary of Canadian Seed Growers' Association—W. T. C. Wiener—announces today that plans for the association's annual meeting to be held at the University of Alberta Wednesday to Friday, have been completed.

Sessions, to be attended by delegates from various parts of the Dominion, will feature discussion on "forage crop production and disease of forage and cereal crops."

A group of Canada's top authorities on seed subjects, headed by Dr. T. H. Stevenson, Dominion agronomist at Ottawa, will address general meetings.

WELCOME BY DR. SINCLAIR
Other speakers will include J. V. MacKay, chief production (seed) plant products division, Dominion department of agriculture; C. A. Ward, district supervisor, plant products division, Dominion department of agriculture (Edmonton); Dr. W. C. Broadfoot, officer in charge of the science division, University of Alberta, and Dr. H. W. Mead, Dominion laboratory of plant pathology, Saskatoon.

Address of welcome will be given on by Dr. R. D. Sinclair, dean of agriculture, University of Alberta, while John David, provincial minister of agriculture, will address a banquet to be tendered delegates by Alberta government.

Japanese Mass Marks Anniversary
TOKYO, June 13.—(CP)—A solemn pontifical mass yesterday ended a religious celebration of the 40th anniversary of the arrival of St. Francis Xavier, a Spaniard who brought Christianity to Japan. The celebration, brought Roman Catholics from 20 countries to Japan.

An 85 gold ladies' wrist watch was stolen from the home of Margaret Haugman, 17116 90 street. Miss Haugman and police the theft was carried out between June 7 and June 10.

OTHER THEFTS
Five cases of theft from autos were reported in the city over the weekend. Sixteen were eight blankets from cars belonging to Robert L. Smith, 8907 118 avenue, George Langmuir, 12146 92 street, Alfred Folke, 12152 90 street, and Sam King, 12022 90 street.

Also missing is a sheepskin coat belonging to Mr. Laumond, master typewriter from the car of Adam Armour, Devon.

An 85 gold ladies' wrist watch was stolen from the home of Margaret Haugman, 17116 90 street. Miss Haugman and police the theft was carried out between June 7 and June 10.

Iron Curtain No Bar To IOOF Relief Aid

Iron Curtain is no barrier to relief parcels supplied by Independent Order of Oddfellow.

Frederick L. Phelps of Middleton, Conn., sovereign grand master of IOOF, said in Edmonton today that more than 1,200 packages every month are "shoved under the Iron Curtain" to the needy in Russia, Czechoslovakia, Hungary and Estonia.

How it is done is a deep, dark secret he would not divulge. "Russians, too, would like very much to know," he smiled.

IOOF CLAIM CARE ORIGIN
Mr. Phelps arrived in Edmonton by plane from Calgary today for a one-day visit with IOOF officials here.

Speaking of humanitarian work done by the lodge, Mr. Phelps said the European relief organization CARE developed through work of the IOOF.

"Our relief work, originated in 27 countries throughout the world led to the formation of the international organization," Mr. Phelps said. "Today thousands are helped both through CARE and the IOOF."

EVERY DEMONSTRATION
World leader of the IOOF, the largest non-political, non-sectarian fraternity in the world, has spoken from the pulpit of almost every religious sect known.

In his 35 years as an Oddfellow, Mr. Phelps has addressed Mohammedans, Jews, Mormons, Catholics and Protestants. His organizational work has taken him to Cuba, Quebec, Copenhagen, Cuba, Guatemala, Cairo and Salt Lake City.

MEETINGS SCHEDULED TODAY
Scheduled for his Edmonton visit is a meeting with lodge members that afternoon, a banquet at First Baptist Church at 8 p.m., and a public meeting in the IOOF temple at 8 p.m.

Dollar-Sterling Deadlock Poser

Birks Says Rapprochement
Becoming More Difficult

QUEBEC, June 13.—(CP)—Henry G. Birks, president of the Canadian Chamber of Commerce, said today that the longer the present deadlock between dollar and sterling areas is allowed to continue, the more difficult rapprochement becomes.

He was addressing a plenary session of the International Chamber of Commerce, with opening week-long business sessions today. Some 600 delegates from 25 countries are attending.

Earlier, Henry J. Heinz II, chairman of the United States Council of the ICC, delivered an address in which he spoke strongly against trade restrictions and Mr. Birks commented.

Still See Answer
"As a representative of one of the countries whose governments have found it necessary to introduce certain commodity controls on imports in order to try to restore a healthy balance of payments position with the United States, I find myself agreeing with a great deal that Mr. Heinz said about harmful long-term effects of such restrictions."

London area members of the National Union of Railwaymen are meeting tonight to decide whether to call the walkout.

The cabinet also had before it a petition from 1,000 railway men at Paddington Station asking the government to discontinue the railway executive, which operates the national rail system.

"Resume Talks" Demand
The railway employees demand immediate resumption of negotiations on their request for a pay increase of 10 shillings (\$2) a week. The railway executive has refused to conduct talks on a general raise for all railway men while "Sunday" strikes continue.

Another problem the cabinet faces is the strike of dock workers in British ports which has tied up shipping. This situation eased somewhat when stevedores at Liverpool voted to resume work after being idle 17 days.

NO STATEMENT
The shipping strike is an outgrowth of the strike of Canadian Seamen's Union which began more than two months ago. British dock workers went on strike after they were ordered to handle Canadian ships.

No statement was issued after the cabinet meeting which lasted only 35 minutes. But it is believed action is planned to uphold authority of the railways against unofficial strike action.

Specialist Dies
VANCOUVER, June 13.—(CP)—Dr. Gordon Dreaseck, prominent in British Columbia as an eye, ear, nose and throat specialist, died yesterday at the age of 61.

THE PARTICULAR CIRCLE OF CONNOISSEURS

Mr. Purvis of Windsor, Ont., told the Canadian Travel Association in his presidential address today that the "vicious merry-go-round of higher (wage) demands and increased fares only reduce the chance of continued employment."

About 500 delegates from across Canada are attending the association's three-day convention which opened today.

Mr. Purvis suggested the industry should consider establishing a bureau to advise transit com-

panies on wage negotiations and associated factors.

"Now that income taxes have been reduced and there appears to be a leveling off in the cost of living, there is no apparent proportionate falling off in labor's demands," he said.

Describing the "vicious merry-go-round," president Purvis said there is a limit to the capacity and willingness of the general public to pay. When fares are raised too high companies lose riders and a "bankrupt employer is of no benefit to his employees."

You'll feel refreshed and invigorated after your holiday in the east. Stop over anywhere you wish in Canada's capital, the Niagara Great Belt, Montreal or any of the many holiday resorts.

Travel via the Continental Limited—2 train daily featuring air-conditioned coaches and sleeping cars, with large full-view windows, delicious meals at moderate prices.

FISH INSISTS ON BEING CAUGHT

RELLEFONTAINE, Que., June 13.—(UP)—Mr. and Mrs. Glenn Cooper gave up fishing without catching anything at nearby Indian Lake and started roasting haddock in the landing where they resented their loss. A 20-inch bass jumped into the boat.

Double Killing Possibility Is Seen at Coast

VANCOUVER, June 13.—(CP)—The bodies of an elderly Vancouver couple were found yesterday in the burrows which for nearly a week held the secret of their death.

Police are investigating the possibility of a double slaying.

Found by a neighbor in a badly decomposed condition were the bodies of Mike Geluck, 67, retired railway worker, and his wife, Mrs. Geluck, 65.

No weapon was found in the couple's cluttered east-end home nor were there any wounds or marks of violence to either body, police said.

Because of the decomposed condition of the bodies the cause of death has not yet been determined. A coroner's report will be released today.

Police said there was evidence that the couple's nest, four-room bungalow had been ransacked. For this reason they are not overlooking the possibility of a double slaying.

Earlier they believed the deaths were a case of murder and suicide.

An examining physician said Geluck and his wife had been dead for about five days. Neighbors last remembered seeing the couple Wednesday.

Duck Breeding Down In South Dry Areas

CALGARY, June 13.—(CP)—Lack of moisture in southern Alberta and southwestern Saskatchewan has resulted in a marked decline in breeding waterfowl, according to a Ducks Unlimited (Canada) report released today.

The centre of the breeding grounds has moved into central and northern Alberta, in eastern and central Saskatchewan and in Manitoba.

Ducks Unlimited officials said the migratory flight was as great if not greater than last year. The birds moved in from the south about two weeks earlier.

It is thought that 90 per cent of the waters remaining in the drought area will last through the hatching season. The first broods were in the Peace River district and Lac la Pêche-Smoky Lake area is reported to be the highest since 1942. Ducks and geese are reported breeding in large numbers along the Athabasca delta.

The children were flown here from Sarnia, Ont., Saturday in a U.S. Army Air Force plane to be with their father, who has been seriously ill.

Mrs. Payne and her children were in Sarnia when she received word that her husband's condition was serious. She was able to get reservations on a commercial airline and flew here last week. However, no reservations were obtainable for the children and U.S. authorities at Sarnia sought assistance of the air force.

Nature of Mr. Payne's illness was not disclosed.

Jews Remembered

TORONTO, June 13.—(CP)—The Israeli Cultural Society yesterday held a memorial service for Jewish victims of concentration camps. Six women of the society, which is made up mostly of Hungarians who have come to Canada since the war, each lighted a candle symbolic of 1,000,000 victims.

Police are puzzled by discovery of a quantity of men's clothing on the river bank west of 165 street bridge.

Papers found with the clothing indicate that it belongs to 20-year-old Donald Goodman. Investigation reveals that Goodman, in company with his brother Tom, checked out of a downtown hotel recently and the pair are believed to have left for McMurtry.

Clothing found by Mr. and Mrs. Arthur H. Bellingham, 9603 165 street, consisted of two shirts, a pair of trousers, shoes and underwear.

Professor Killed
GUELPH, Ont., June 13.—(AP)—An amateur radio operator was found dead beside his transmitter last night. He was Dr. William M. Gammon, assistant professor of biology at the Ontario Agricultural College here. Provincial police said they believed a short-circuit in the equipment sent a shock through the earphones Dr. Gammon was wearing.

Industrialist Dies
CROTON-ON-HUDSON, N.Y., June 13.—(AP)—Wm. R. Timken, 82, last of the three founders of the Timken Roller Bearing Company, died Saturday night at his estate here.

Victims were Capt. Nick Mardasich, his 20-year-old son, Tony, a member of the Washington state legislature; Anton Morrowich of Seattle; a cook, Vincent Vastel of Everett, Wash.; and Frank Suran of Anacortes, Wash.

Midjet Racer Dies
LANGMONT, N.Y., June 13.—(CP)—Len Koenig, 36, was killed yesterday in a crash just before the start of the national midjet championship race at Langhorne speedway. His car sideways around and turned over in a trial heat.

YOUR WHOLE FAMILY
Can Be Covered by the EDMONTON BULLETIN'S
TRAVEL ACCIDENT INSURANCE POLICY

\$5,000

With ONE subscription, every member of an Edmonton Bulletin reader-family can be covered under the terms of the Bulletin's remarkable Travel Accident Policy. The total cost for each family member so covered by the policy is merely the annual Registration Fee of \$1 or

\$1.25 according to the age-group, not including those who have lost an eye, hand, foot or limb. All Bulletin subscribers are invited to extend the coverage of this noteworthy policy to additional members of their families now!

THE ONLY COST: NO EXAMINATIONS or RED TAPE

The Bulletin's Travel Policy is notably free from technicalities and its soundness can have no better guarantee than that it is under-written by Lloyds of London... an assurance of extra safety to those protected under its provisions against the financial hazards of traffic accidents. There is every reason why ALL Bulletin subscribers should enjoy this protection.

British Cabinet Meets On Train Strike Threat

NEW EQUIPMENT PAYS OFF FAST

GROESBECK, Ont. June 13.—This village's newly-purchased fire apparatus proved itself in working order in double-quick time. The volunteer firemen were holding a dedication party when a building caught on fire. The complete department, 35 strong, drove to the fire in their new truck and put out the blaze in near-record time.

Police Puzzled By Clothing On River Bank

Police are puzzled by discovery of a quantity of men's clothing on the river bank west of 165 street bridge.

Papers found with the clothing indicate that it belongs to 20-year-old Donald Goodman. Investigation reveals that Goodman, in company with his brother Tom, checked out of a downtown hotel recently and the pair are believed to have left for McMurtry.

Truman Says Aid Cuts Assist Reds

Gain For Communism Seen If U.S. Assistance Curtailed

By Ernest R. Vaccaro

LITTLE ROCK, Ark., June 13.—(AP)—President Truman Saturday carried to the people of the United States his fight to keep Congress from slashing European Aid funds, declaring such action "would be a great gain for Communism."

"If we were to failer now and cut down our aid," he said in an address broadcast across the country, "the momentum of recovery would be destroyed."

"The people of these countries would be thrown into confusion and their advance toward economic self-reliance would be blocked."

FALSE ECONOMY

"A slash in the funds available for European recovery at this time would be the worst kind of false economy. It would cancel the hopes and the plans of the western European nations. It would be a great gain for Communism."

The president sharply challenged economy advocates "who try to convince us that we cannot afford to pay the price of peace."

Demands for a cut in ECA funds have come from members of both parties in the senate, where the appropriations committee is considering a bill to finance European relief during the coming month.

PEACE THREATENED

The president's speech sounded the theme that the United States still has a long way to go "before we can make the free world secure against the social and political evils on which Communism thrives."

"The cause of peace and freedom is still threatened," he said.

Predicting the North Atlantic Pact will soon be passed by an overwhelming majority in the senate, Truman declared it is "vital" to the free world and a program of military aid to increase the effective strength of the free countries against aggression.

He also disclosed that he will soon send Congress legislation to launch his program of American help to the world's "underdeveloped regions," declared that it offers "enormous potential benefits in a growing world economy."

"We know that if we are to build a lasting peace in the world we must achieve three essential conditions."

"First, this nation must be strong and prosperous."

"Second, other nations devoted to the cause of peace and freedom must also be strong and prosperous."

"Third, there must be an international structure capable of adjusting international differences and maintaining peace."

Of his program for the underdeveloped regions, Truman said it is not a program of relief. While it is intended ultimately to bring about a great movement of

HELICOPTERS HAZARD HERE

MONTROE, Pa., June 13.—(UP)—Montroie has one of the most unusual highway warning signs in the nation. Posted near the Pineskill Helicopter Corp. plant, it reads: "Danger: Helicopter Crossing. The sign also carries a 'no parking' caution in an area where half a dozen helicopters swoop in and out of the sky.

Honors For Quartet

BUFFALO, N.Y., June 13.—(AP)—The "mid-state quartet" from Chicago Helicopter Crossing, which was crowned "winners" of the 1954 annual contest of the society for the preservation and encouragement of helicopter ship quaters singing in America, Incorporated.

EDMONTON BULLETIN, Monday, June 13, 1949 15

BABY SITTING MEN NEEDED VOTING DAY

VANCOUVER, June 13.—(CP)—With two elections within the next three weeks, the CCF last night called for men to act as baby sitters on election day.

Mrs. Grace MacLennan, federal candidate for Vancouver Centre and chairman of a political meeting addressed by national leader M. J. Coldwell, asked for men to volunteer their services as baby sitters so that mothers will have time to vote.

Earlier in the meeting Mrs. MacLennan made a plea for the support of the CCF in the 1954 election. She said that the CCF is a "man's party" and that it is a "man's party" that is needed for the preservation and encouragement of helicopter ship quaters singing in America, Incorporated.

It was her husband, Angus MacLennan, member of the local parliament and candidate for Vancouver Centre.

INDUSTRY NOW PRETZEL AIDE

NEW YORK, June 13.—(UP)—Industrial progress has come to the rescue of pretzel-makers. We're told in the reports. Tiny three-inch fans blow air on dough after it has been formed into a "pretzel" shape. This "case hardens" the dough, permitting it to be handled more easily without danger of distorting the traditional pretzel shape.

Ex-Chancellor Dead

VIENNA, June 13.—(AP)—Karl von Senn, 76, chancellor of Austria for two months at the end of 1938, died Saturday at Vienna. He was subject to harsh persecutions at the hands of the Nazis although as early as 1938 he had been quoted as urging a dictator for Austria.

Agent Burned In Gas Fire

MEDICINE HAT, June 13.—(CP)—Andrew Andriosek, 38, agent for Great West Distributors Oil Company at Schuler, Alta., is in hospital here suffering from severe body burns.

His condition was described as "dangerous" although slightly improved last night.

Mr. Andriosek was pumping gasoline into small drums from his storage tank when he was sprayed with petrol from a valve leak. A spark set the gasoline on fire and enveloped Andriosek in flames. He was rushed to hospital here for medical treatment.

The storage shed in which the fire broke out was working as a room to the ground, but the gasoline drums did not explode.

Schuler is about 45 miles north-east of Medicine Hat.

Canada Host To ICC Meet

QUEBEC, June 13.—A parliament of business men met here yesterday to see what they can do to ensure a prosperous world.

They are 600 delegates from 25 countries attending this week's Congress of the International Chamber of Commerce, meeting in Canada for the first time since it was formed at Atlantic City in 1919.

The dual theme of the meeting is "toward a free world economy—for the benefit of the consumer," which means that the objective is to enable the people of the world to sell their goods to one another, and through this exchange, give them a better standard of living.

DUNCAN PRESIDES

As an ICC press release puts it: "This combination of the world particularly important at a time when the world is moving away from the post-war seller's market to a buyer's market, and when the central problem of the immediate future is to make international trade catch up with the great advance in production."

President of this 12th congress is Arthur Guinness of London, England, who has travelled 31,000 miles in the interests of the Chamber in the last two years.

James S. Duncan (Massey-Harris Co., Ltd.) of Toronto, is president of the Canadian section, which, as such, will preside at the present meeting.

Taft Opposed to U.S. Arming West Europe

WASHINGTON, June 13.—(AP)—President Truman's assertion that rearming Europe is of "vital importance" in keeping peace drew the retort today from Senator Robert Taft (Rep. O.) that such action may have "the opposite effect."

At Little Rock, Ark., the president said: "It is of vital importance that the Atlantic Pact be followed by a program of military aid to increase the effective strength of the free nations against aggression."

Mr. Taft, who heads the Republican policy committee, told a reporter he expects to vote for the North Atlantic security treaty when it comes before the senate soon "because in my opinion it is better to deter Russia from starting a war."

"On the other hand," he said, "I am inclined to think the arming of western Europe would have the opposite effect."

General congressional reaction was mixed to several suggestions the president made, including his notice that he soon will send Hall Congress a proposal to give economic help to backward areas of the world.

Chairman Tom Connally (Dem., Tex.) of the senate foreign relations committee said it is his understanding that only a small appropriation would be necessary to start what Truman called in his inaugural message a "bold new plan" for world economic expansion.

TECHNICAL AID

The most that may be asked at first, he said, would be technical assistance to help countries bring undeveloped areas into production.

Connally said he goes along with the president's plan for action in this session of congress on the proposal to help create western Europe.

As disclosed by State Secretary Acheson, this would involve a total outlay of \$1,400,000,000 of which \$1,000,000,000 in arms would go to signers of the North Atlantic Pact.

MACHINE'S WHIRL REALLY HAS PULL

CHAMPAIGN, Ill., June 13.—(UP)—A machine which whirls with such force that it develops a pull equal to that of the sun's gravity has been installed for research use at the University of Illinois.

The device, called an "ultracentrifuge," spins at 60,000 revolutions per minute.

It can separate molecules like a cream separator breaks up cream.

600 Attend Wainwright Calf Show

WAINWRIGHT, June 13.—About 600 people attended Wainwright Calf Club's achievement day at Memorial Centre on June 9.

Thirty juniors exhibited and grand championship went to calf owned by Lloyd Jones, of Heath, which was sold for \$41,000.

Average prize was 24 cents a pound, with the reserve champion going for 34 cents.

SATISFACTION EXPRESSED
Club leader F. M. Ford and J. S. Rubble, district agriculturist, expressed satisfaction with class of calves and prices.

Prizes in showmanship went to 1 Nora O'Connor, 2 Albert, 3 Nora Mansfield.

Grooming prizes were awarded to 1 Joyce Smale, 2 Nora O'Connor, and 3 Jean Smale.

Judging prize winners were 1 Maurice Haytze, 2 Jean Kett, 3 J. L. Kearns, of the Vermilion school of agriculture, was judge.

Athabasca Bus Station

Canadian Coachways now \$13,000 bus depot now under construction in busy Athabasca will open early in August.

The depot will serve four daily Coachways runs from Edmonton through Athabasca, a key point on the route to north.

Coachways also announced the beginning of its second northern run, commencing Monday, to supplement the single winter run to Dawson Creek.

Japan Builds Ships

TOKYO, June 13.—(Reuters)—Japan's shipbuilding industry has contracted to build 16 ships for Norway, Denmark and the Philippines, the shipping bureau announced yesterday.

SIGHT GONE, BOY HOPES TO BE PREACHER

BIRMINGHAM, Ala., June 13.—(UPI)—Thirteen-year-old Billy Don Sims of Jensen, Ala., is recovering from an operation to fit his left eye socket with a glass eye to match his other glass eye.

Don, the son of Mr. and Mrs. W. E. Sims, had to have both eyes removed when he was six months old because of malignant tumor.

The boy, who likes to listen to radio preachers, hopes to be a minister when he is old enough to get a seeing-eye dog.

AFTER 28 YEARS with the national parks administration in Jasper, J. B. Snape, resident engineer, has retired. At a staff dinner Mr. Snape was presented with a camera and exposure meter and Mrs. Snape with a bouquet of roses. Park Supt. G. H. L. Dempster, left, is shown making presentation to Mr. Snape, Mr. and Mrs. Snape plan to travel and have not decided where they will settle. J. Fyfe will succeed Mr. Snape.

Olds Chamber Will Help Sundre in Road Project

OLDS, June 13.—The Olds chamber of commerce is working with the people of Sundre to have the 36-mile Olds-Sundre road blacktopped.

A delegation from Sundre was present at the chamber's June banquet when a joint committee was formed to prepare a brief to be presented to the government stressing importance of this road.

This is one of the most heavily travelled roads leading into Olds apart from the main highway.

Spokesman was C. Creighton, who recently arrived in Olds from Roumania where he was president of a banking firm before the Communist conversion.

He told of present day conditions in Europe.

A. Wilson, field crops commissioner, spoke on soil conservation and stressed need of tree planting.

The day's work saw 140 acres seeded and 70 acres summerfallowed. The bee was organized by H. A. Murray and George Abernethy. Mrs. M. McConnell and Mrs. E. Goeiglein arranged the meal.

Prospect Point Voting Confused

By Ken Liddell
Provincial News Editor

PROSPECT POINT ON THE PRAIRIE, June 13.—The election campaign is getting into full swing around Prospect Point, but nobody seems greatly bothered.

There are three candidates in the local field and each is running as an independent.

This complicated situation is the result of the citizens becoming annoyed at national leaders of the other parties. None of them stopped at Prospect Point on their Alberta tours.

As a matter of fact Mr. Dew's train didn't even whistle.

The only person who has got anything out of the campaign so far is Elmer Twissell, publisher of the weekly Prospect Pointer.

Mr. Twissell has printed the placards, two of them, for two of the three candidates who are Oliver Plowbottom, William McSlott and Bertram McChesley.

Mr. McChesley is the only one who is not using a placard.

He has written his slogan in chalk on the town's sidewalk.

Mr. McChesley, who is janitor of the local school, explained this means was more economic for his budget.

He said he hoped it wouldn't rain before June 27 or his campaign would be a washout. At the same time, he said, he couldn't afford to publicly express his hope or he would lose support of the farmers.

A combined meeting of candidates was held in the Sons of England hall but only two appeared to address the crowd of eight.

Three people left when they found they were not serving lunch and two others excused themselves after waiting for some time.

They said they got in by mistake. They had thought it was the night for the carpet ball.

Mr. McSlott was unable to attend. Mrs. McSlott was there and had in to stay home and mind the children. Mrs. McSlott spoke for her husband, as usual.

Mrs. McSlott challenged the citizens to vote for her husband. She said that the community needed a stronger voice in the affairs of the country. She said that where all thought alike no one thought very much. Knowing the McSlott family, most of the citizens can see the reason for it.

Mr. Plowbottom quoted liberally from Marx and Dorothy Dix to prove his points, but there was some doubt whether the audience understood him, or he even understood himself.

One reporter found it difficult to hear what was going on because of the noise from the howling alley downstairs. Mr. Plowbottom also found this confusing. He looked around the hall so expectantly every time he heard the cry "let 'em up" that it became silly.

Pathology is the science of disease, including structural abnormalities not usually regarded as diseases.

Wait Word On Housing At Lacombe

LACOMBE, June 13.—Definite word is expected this week from Ottawa regarding the 25 veterans' rental houses which have been applied for by Lacombe and district board of trade. Frank Adamson, president of the Lacombe board, placed before government officials in Edmonton applications from 63 veterans in Lacombe. The formal application requires the final approval from Ottawa.

START SUMMER
If ascent is given construction will start this summer, and 25 houses for top priority veterans will be ready for occupancy before the end of the year.

It would be a big boom for Lacombe's grave housing shortage. If the scheme goes through much credit should go to Lacombe and district board of trade, and particularly to president Frank Adamson's personal initiative.

Mr. Adamson met with town councillors to discuss the question of lots, which can be readily reached this summer by water, sewer and gas, and which are provided by the town under the plan.

LOTS SET ASIDE
Twenty-five such town-owned lots have been set aside for the proposed scheme.

The lots are situated at the west end, and to the south of 31st Ave., one block north of the Gull Lake highway, and east of the Edmonton-Calgary trail.

Drumheller Man Injured

TROCHU, June 13.—Rudy Pfeifer, of Drumheller, suffered a fractured spine and leg when he was hit by a car on a Trochu street.

Mr. Pfeifer had just left his truck when he was hit by an auto driven by Gust Seefield, Calgary, which was travelling about 10 miles an hour.

After treatment at Trochu hospital, Pfeifer was taken to hospital at Drumheller.

Mrs. R. Berry Dies at Hanna

HANNA, June 13.—Mrs. Ralph Berry died June 7 in Hanna hospital at the age of 55 years.

She was born in Scotland and came to Canada in 1912 with her parents.

She is survived by her husband, Mr. R. Berry, and one sister in Scotland.

Rev. A. Davidge of Delta, officiated at the funeral services Friday at First United church. Burial will be cremated in Calgary.

Hardisty Area Needs Moisture

HARDISTY, June 13.—Continued hot weather with no rain is beginning to show on the grain fields and gardens. Pastures are dry and feed shortage is feared by many farmers.

Farmers' Picnic

STETTLE, June 13.—Farmers' annual picnic will be held at Buffalo Lake, June 25. Sports will be held. Merchants of town are contributing prizes.

LONG TIME NO SEE

Husband and Father Greet Chinese Woman

FERINTOSH, June 13.—Mah Dan, general merchant in Ferintosh since 1922, motored home on June 10 from Edmonton with his wife.

Mrs. Mah Dan arrived in Vancouver from China on May 28 where Mah Dan met her for the first time since 1921 when he visited his family in China.

In Edmonton, Mrs. Mah Dan was welcomed by her father and mother, who are residents of Canada for many years.

Mah Dan started his store in 1922 in the old post office building, which he afterwards purchased. The business expanded in spite of the fact that eight other storekeepers in competition came and went.

Mah Dick of Edmonton, was in charge of the store during Mah Dan's two weeks' absence. While in British Columbia, Mr. and Mrs. Mah Dan were guests of Mr. and Mrs. Benjamin Holmstad at Port Alberni.

EDMONTON BULLETIN, Monday, June 13, 1949 21

PROCEEDS OF A four-day carnival at Vegreville will be used to build a new Ukrainian Greek Catholic church. Highlight of carnival was crowning of Miss Vickie Chikluk as queen by Mayor C. B. McClure. Seated beside queen was "retiring queen" Miss Mary Kubrak. Attendants were Sally Sayko, David Hayduk, Mary Pachynok, Eileen Young and Stephanie Sydora.

STETTLE OIL POOL FORMED BY FARMERS

STETTLE, June 13.—Some Stettler farmers have formed an oil rights pool in which they place from one to 10 percent of their holdings, subsequently sharing on that basis should oil be discovered on any of the included land.

The syndicate will be known as the Stettler Oil Pool Limited and is limited to 50 members.

Coldwell Itinerary
CAMROSE, June 13.—M. J. Coldwell, C.C.F. national leader, will speak at Wetaskiwin, June 15 on afternoon of June 16 he will speak at Stettler.

Stettler Drilling
STETTLE, June 13.—Canadian Oil Company is setting up equipment for drilling on the farm of E. F. Rogges, a mile north west of Stettler.

Other lakes where rainbow fishing should be excellent this year are Leach, 17 miles up the Jasper Columbia icefield highway; Patricia, seven miles from Jasper Park Lodge; Lake Edith, two miles from the Lodge; Geraldine, six miles by trail from mile 20 on the Columbia icefield highway; Calladonia, and lakes Hibernia and Marjorie, three miles from the Lodge.

Fishing will be good in the Malaga system.

Progress is being made at the fish hatchery in the hybridization of brown and brook trout which may eventually lead to a better type of fish for streams. The experiment will take some years to prove itself.

Vegreville Building Up

VEGREVILLE, June 13.—Thirty-six building permits providing for construction in the aggregate amount of \$180,000, were issued by the town office during the five month period ending May 31, according to a statement issued by the town clerk.

Enquiries being made by prospective homebuilders indicate that this is but the forerunner of the largest building programme in any single year throughout the history of the town. Sewerage permits were issued last year and 84 during 1947.

it's a good idea to have a choice

SUPPOSE you have what you feel is a good opportunity which calls for bank credit. If one bank cannot see it your way, or if you think you can get a better deal elsewhere, you're free to "shop around".

Banks compete to serve the most diversified needs, no matter how specialized any of them may be...

personal, business, or farm loans, money transfers, collections — to name just a few.

More than 95 out of 100 bank loan applications are decided "right in the field"—in the branches—by bank managers who take a personal interest in serving their customers' individual requirements.

Going to your bank is not like having to deal with a state bureau—but that's how it would be under state monopoly.
